FINANCIAL POLICY

1. Please verify your chiropractic benefits with your health insurance company. When our staff calls on your benefits they only give us an outline of benefits, not a guarantee of payment. All benefits are subject to the terms and exclusions of your policy.
2. Your insurance will make payments for any authorized and/or covered services. You are required to pay for services and materials that your insurance does not cover.
3. If your insurance requires a referral from another provider, we will require information of the referral to process your insurance with in-network benefits. Until this information is provided to us, we require you to pay all co-pays, deductibles and/or co-insurance relating to out-of-network benefits. Any over payments to your account will be reimbursed to you after insurance pays their portion.
4. If your insurance carrier has not paid your claim within sixty days of submission, you agree to take an active part in the recovery of your claim. If your insurance carrier has not paid your claim within ninety days of submission, you accept full responsibility for payment of any outstanding balance. If your account becomes delinquent and consequently gets forwarded to a collections agency, you accept full responsibility of all charges.
5. We require payment for any pre-set copays or non-insurance cases at the time of service. Deductible policies require you to pay $100 for the New Patient visit. You may pay the estimated deductible/co-insurance charges at time of service if you wish to avoid a statement in the mail.

I have read and understand and agree to abide by the information stated above as it applies to my coverage.

INFORMED CONSENT TO CHIROPRACTIC TREATMENT

I hereby request and consent to the performance of chiropractic procedures, including a comprehensive exam, diagnostic testing, physical therapy techniques, massage or manual therapy, adjustments or manipulation, and acupuncture on me which are recommended by the doctors at Dakota Chiropractic & Wellness Center, and/or other licensed doctor of chiropractic who now or in the future render treatment to me while employed by or associated with Dakota Chiropractic & Wellness Center.

I understand that, as with any health care procedure, there are certain complications which may arise during a chiropractic adjustment. Although these are rare, they include but are not limited to, muscle sprain/strain, dislocations, fractures, costovertebral strains and separations. Some types of manipulations of the neck have been associated with injuries to the arteries in the neck leading to or contributing to serious complications including stroke. Although our patients are screened for indications that they are candidates for chiropractic manipulation to the best of our ability, I do not expect the doctor to be able to anticipate all risks and complications during the course of the procedure(s). Therefore, the doctor based upon the facts then known, will act in the best interest of the patient. I understand that I can terminate treatment at any time, even during the course of any of the chiropractic procedures listed above.
